

**Disclaimer**

All subscription fees paid to Star Vision IT Solution is Nonrefundable. We do not provide trading tips, nor we are investment adviser. Our service is solely restricted to automated trading application development, deployment, and maintenance.

All algorithms are based on back tested data, but we do not provide any guarantee for their performance in future. The algorithm running in an automated system is agreed with the user prior deployment, and we do not take any liability for any loss generated by the same. Past performance of advice/strategy/model does not indicate the future performance of any current or future strategy/model or advise by Star Vision IT Solution Trades and actual returns may differ significantly from that depicted herein due to various factors including but not limited to impact costs, expense charged, timing of entry/exit, timing of additional flows/redemptions, individual client mandates, specific portfolio construction characteristics etc. There is no assurance or guarantee that the objectives of any strategy/model or advice provided by Star Vision IT Solution Trades will be achieved. Star Vision IT Solution Trades or any of its partners or principal officer/employees do not assure/give guarantee for any return on the investment in strategies/models/advice given to the Investor. The value of investment can go up/down depending on factors & forces affecting securities markets. Star Vision IT Solution Trades or its associates are not liable or responsible for any loss or shortfall arising from operations and affected by the market condition.

**1. Nature of Services:**

We provide buy , hold and sell signals through Our web panel. It is important to note that trading in financial markets involves inherent risks, and clients should carefully consider their risk tolerance before following any signals provided through our web panel.

**2. Risk Disclosure:**

We provide signals based on our research and analysis, but we do not guarantee profits, and past performance is not indicative of future results. Clients acknowledge and accept the risk associated with trading and will not hold Start Algo Research liable for any losses incurred.

**3. Broker API Integration:**

The use of broker APIs involves connecting directly to the client's trading account. Clients must ensure that they understand the implications of API integration, including but not limited to order execution, margin requirements, and risk management.

**4. Client Responsibility:**

Clients are solely responsible for the execution of trades based on the signals provided through our web panel. We do not have control over the client's trading account and cannot be held responsible for any unauthorized actions taken on the account.

**5. Real-time Market Conditions:**

Trading signals provided through the web panel are based on real-time market conditions, but latency, market fluctuations, and technical issues may impact the execution of trades. Clients are advised to monitor their trades actively.

**6. No Guarantee of Availability:**

We do not guarantee the uninterrupted availability of our web panel or broker APIs. Technical issues, maintenance, or other factors may affect the functionality of the platform.

**7. Client Agreement:**

By using our web panel services, clients agree to the terms outlined in this disclaimer and any additional terms specified in the client agreement. Clients are encouraged to review the client agreement thoroughly.

**8. Legal Compliance:**

Clients are responsible for ensuring compliance with all legal and regulatory requirements related to trading and use of broker APIs.

**9. Liability Limitation:**

Star Vision IT Solution and its affiliates shall not be liable for any direct, indirect, or consequential damages arising from the use or reliance on our web panel services.

I ensure that I have visited the website <http://starvisionsolution.com> and read all terms & conditions carefully and I am agreeing with all the T&C’s.
